|--|---|---|-------------------------------------|--|--|--|--|
| Education • Training • Insights Step 5 Select the red exclusion filter and the Immunisation tab to apply the following filters Immunisation type- in the search type in Zostavax select Zostavax and confirm the selection. MD Clinics will also have the option of selecting Declined Zostavax if this has been recorded. | Inclusion Filters Exclusion Filters Cutotion Filters Content This section filters Content Concernment Cutotic filters Content Cutotic filters Content Cutotic filters C | An Australian Government Initiative | | | | | |
| | | Honton papinomizina Universitaria Japanese encephalita vaccine Messies Meningscoscal 8 vaccine Meningscoscal 8 vaccine Mumps Other Pettusis (Whooping cough) vaccine Preumococcal vaccine Polic (policnyelita) vaccine Pice (policnyelita) vaccine Qiferer vaccine Rabies vaccine Rabies vaccine | | | | | |
| You will now see under the patient count that you have excluded patients that have already received a zostavax. | Double click to view list Patient Count 312312 (Excluded Patients: 241) Excluded patients are those defined by the the Exclusion filters. These patients are excluded from the patient count. | | | | | | |
| Step 6 To print the patient list go to the Patient List in the dark ribbon up the top right hand side and export to excel for sorting | Patient List | | | | | | |
